

Proposed Apricot Technical Conference Schedule

This is a third pass at integrating the input from the Execo, Local organizing committee, feedback from last year and people pinging me with interest. It should be considered almost final but people should still feel free to make suggestions and call for alternatives.

Monday Tutorial 9:30 -17:30

Session	Name	Instructor
T1	APNIC Training Course	
T2	Introduction to Network and Internet Fundamentals	
T3	Hot Topics in Future Networks: MPLS, QoS, Voice over IP and Multicast	Robert Raszuk - Cisco ¹
T4	High-Speed Networking Tech: ATM, Gigabit Ethernet, Switch Routers and Optical DWDM	Jeff Wabik - Lucent ¹
T5	Broadband Access Technologies: ISDN, xDSL, Cable Modem and Broadband Wireless	
T6	Network Engineering with BGP and MPLS	David O'Leary - Juniper
T7	Voice over IP Standards Efforts and Impacts	
T8	TBD	

BOFs	Monday 18:30 - 20:00
-------------	----------------------

¹These people are suggested or have not yet confirmed that they will be able to do this tutorial or session

Tuesday Tutorial 9:30 - 17:30

Session	Name	Instructor
T9	IPv6 (APNIC)	Steve Deering
T10	RPSL and Routing Policy (APNIC)	Cengiz A.
T11	Optical Networking	Wade Rubinstein - Sycamore
T12	Network Security	
T13	Computer Telephony Integration and Voice over IP	
T14	ISP System Administration	
T15	Scaling E-mail infrastructure	
T16	Supporting E-Commerce and ASPs	

Opening Ceremony	Tuesday 18:00 - 18:30
Opening Reception	Tuesday 18:30 - 20:00
BOFs	Tuesday 19:30 - 21:00

Wed Tech Conference

		APNIC Track I		Tech Track II		Tech Track III		Tech Track IV	
Session	Time	Name	Chair	Name	Chair	Name	Chair	Name	Chair
Breakfast	8:30 - 9:30								
1	9:30-10:30	Opening Plenary Session							
Break	10:30-11:00								
2	11:00 - 12:30	Routing	Philip Smith	Delivering Broad-band	TBD	Multilingual DNS	Tan Tin Wee	Traffic Engineering & MPLS	David O’Leary - Juniper
Speakers:									
Lunch	12:30 - 14:00								
3	14:00 - 15:30	IPv6	Akiro Kato	Wireless Local Loop		ASP Opportunities		Streaming and Multicast	
Speakers:									
Break	15:30 - 16:00								
4	16:00 - 17:30	Security & APNIC DB	Joao Damas	High Performance Routing		ASP Technologies		DNSSEC, Bind V9, IPv6 Bind	Bill Manning
Speakers:									
BOFS	18:30 -	BoF: State of the Internet in AP Countries	Philip Smith ¹	BoF		BoF		BoF	

Thursday Tech Conference

		APNIC Track I		Tech Track II		Tech Track III		Tech Track IV	
Session	Time	Name	Chair	Name	Chair	Name	Chair		
Breakfast	8:30 - 9:30								
6	9:30-10:30	Keynote Speaker							
Break	10:30-11:00								
7	11:00 - 12:30	APNIC Address Policy	Takashi Arano	Optical Network-ing	Wade Ru- binstein - Sycamore Networks	Content Distribu- tion Net- works		Network Security	
Speakers:									
Lunch	12:30 - 14:00								
8	14:00 - 15:30	APNIC Address Policy pt 2	Takashi Arano	Virtual Private Networks		Network Game Technol- ogy		Voice over IP Trends & Standards	
Break	15:30 - 16:00								
9	16:00 - 17:30	Reverse DNS	Mathias Koerber	QoS		Peering & Internet Exchanges	William Norton ¹ - Equinix	Panel on ICANN Update	Paul Wilson
Speakers:								Pindar Wong Takashi Arano Jianping Wu or HyunjePark	
Social	18:00 - 20:30	Apricot Closing Social Event
