◆ Collaboration between Show Rooms

- Korea and Taiwan show room collaborated
 - ◆ VoIP soft-phone testing (NCA <-> ITRI, network testing)
 - ◆ Frequent meeting using VoIP solution

Taiwan ITRI & Korea NCA
VoIPv6 service testing

Killer Applications?

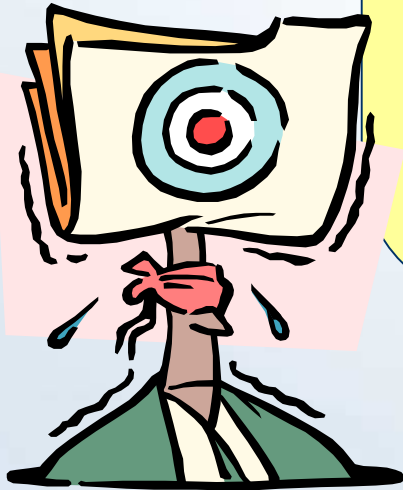

No Such a Killer Application

Activities on Commercial side
Public sectors' support

“Trial and Error” finding a right one

Customer don't care IPv4/IPv6

Creating and Finding a Best Service

Collaboration Models

Test-Beds & Portal

◆ Test-Beds in between member countries

- Started with in promotion working group
 - ◆ NCA and ITRI
 - ◆ Who is NEXT??
 - ◆ Try to expand countries
- Get commercial sides involved

◆ Proposal - Portal site establishment

- We need a space to share info. Among IPv6 people
- Commercial side advertise and share information
- Knowledge/Information Sharing

Thank you
