

WAKAMONOG

# wakamonog

Network Operators Group for young people

Yuya Kawakami

wakamonog committee

JPNAP/Internet Multifeed

# What's wakamonog?

wakamono

若者 + NOG

(young people) (network operators group)

- under 0x20 y.o. and have strong motivation
- launched in 2007 and relaunched in 2012

# Member

## Interest

- TCP/IP Network
- Network Applications

## Role

- Developer
- Technician/Engineer
- Operator

X

## Motivation

- love the Internet
- want to make friends

# Motivation

wakamono worries about...

- less knowledge for discussions
  - don't know background of the discussion
- less network of contacts
  - don't have so many friends of the same profession

# Objectives

- **Studying** technologies and sharing obstacles with young engineers
- **Networking** with prospective core-engineers in the Internet

# Additional Intention

- **bridge** between prospective core-engineers of **application and infrastructure** while young
- expand "NOG" to network application engineers
  - current "Internet" must differ from future one

# Activities

## • studying

- hold study meetings (once every a few month)
- exchange information (on a mailing-list)

## • interacting

- collaborating with other IT communities (BoF)

## • networking

- have drinking parties

# Study Meeting #1

# Study Meeting #1

- Lecture: the basics of the Internet
  - TCP/IP, AS/BGP, CDN, Internet in Japan
